LoMIS: Deliver (Direct Delivery) LoMIS: Supply (MOVE)

*A suite of logistic management information tools to support health
commodity supply chain in vulnerable communities
West Africa.*

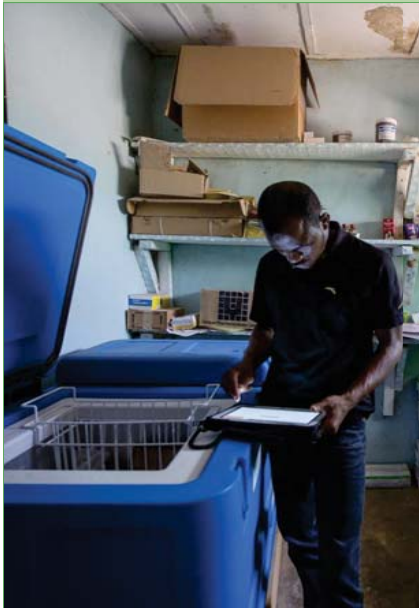

Conference on Health and Humanitarian Logistics
August 30, 2016
Atlanta, GA

Mission statement

eHealth Africa's mission is to build stronger health systems through the design & implementation of data-driven solutions that respond to local needs and provide underserved communities with tools to lead healthier lives.

LoMIS: Deliver (Direct Delivery)

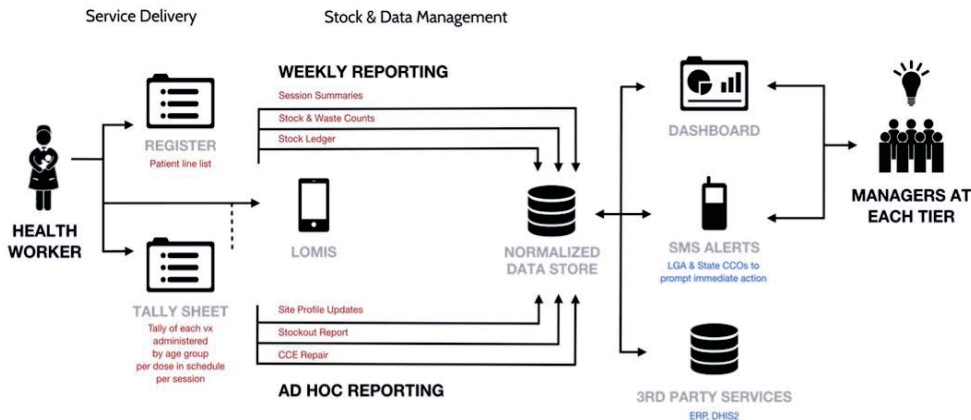

- Delivery planning with automated scheduling, routing, and configurable dynamic allocation models (with population, utilization)
- Paper-less delivery management and data collection.
